

Important message

Dear Fellow members,

The new LCI boat reservation system is now live. Please take the time to see how it works.

You enter by clicking on the “Boat reservations” tab on LCI’s web page. Log in with your lot number as the user ID and your initial password is your last name in all lower case letters.

After you are in, please go to the settings tab and insure that the information you see is exactly how it should be. Pay close attention to the phone carrier as all were defaulted to AT&T. Change that if you have a different provider. Also, pay attention to the choice as to how you want your reservation confirmed – by email or by text message. (Or, you can choose both.)

Next, I would suggest that you go to the “Change password” tab and select a new password. You will not want others to have access to your reservations account.

If you have already made a reservation for May, June, July, etc. please go to the “History” tab and see that your reservation is in the system and accurate as to time and date and numbers of passengers.

If you have a question, please do not hesitate to give me a call at: (904) 583-1525.

Warm regards,

Jim Klauder

President
