

Message to members

Dear Fellow Members,

LCI GAS IS NOT FREE!

It has come to my attention that, recently, an LCI motorist was observed filling up at our gas station and leaving without completing a chit to record the amount pumped. Members need to insure that family and guests sign for their gas (and other honor system charges as well). We are a small community which relies on all of us complying with our honor system and being good citizens. Please, let's all do our part so no further action will need to be taken by the President or the Board on this type of infraction.
