

Dear Fellow Members,

I want to make sure all members (and friends) are aware of a public meeting this coming Monday, December 7th, regarding Spaceport Camden. This will be a public scoping meeting held by the FAA at the Camden Rec Center in Kingsland (1050 Wildcat Drive, Kingsland, GA) from 5-8. It would be good if as many LCI members as possible attend. I am planning on attending, speaking as an individual, not as a representative of the Association.

In addition, the FAA has published a call for public comment regarding the proposed Spaceport. The link below provides direction on how to submit input.
